WORK EXPERIENCE

SHARAR:

Working with SHARAR an organization or startup from the student of Chitral and Gilgitbaltistan. I am working as Computer manager and a Designer since 2019. We have conducted many Virtual camps and sessions till now.

FREELANCING

I am also working as a freelancer and trying to get orders from different platform like Fiver and Upwork. I also locally help friends and different peoples regarding Designing like creating Thumbnails, Posters, Banners and Logos for them.

DESIGNER

As a Designer I always try to learn new things and implementing them by creating designs for friends, family members and local people who need that like recently I have created many posters for Baldiati election contestants.
